

08965 WiFi 6 Repeater 5400

WiFi 6 Repeater 5400 | 2x Gigabit LAN port

Manufacturer: [DEVOLO](#)

Description

The easy way to boost your Wi-Fi range!

Up to 5400 Mbps

Wi-Fi 6 and OFDMA Technology

2x Gigabit LAN port

Mesh Wi-Fi

With no effort at all, the devolo WiFi 6 Repeater 5400 sends your Wi-Fi into any corner of the home – and with high-speed certainty. Whether browsing on a tablet or streaming 4K on a smart TV: The data rate of up to 5400 Mbps, coupled with the large coverage provided by the state-of-the-art Wi-Fi 6 standard, supplies every device with a lightning-fast connection. Powerful antennas allow a particularly large number of simultaneous connections without any loss of quality – from home office needs to streaming videos. And it works with any router! Set up is child's play: simply plug in, press the WPS button or use the convenient devolo Home Network App – and your turbo-charged Wi-Fi is ready to go. Two Gigabit Ethernet ports are also provided for wired devices, like smart TVs, media receivers and game consoles. This is devolo quality – with a 3-year manufacturer's warranty!

Technical Data
